

# Wilderness Safaris Partner Product and Diving with Sharks present The Sardine Run

A 6-night package

The annual migration of millions of sardines from the Agulhas Bank of the Cape, past the Wild Coast and up to the southern portions of KwaZulu-Natal to spawn and then back again – known as “the Greatest Shoal on Earth”. The sheer size and scale of this phenomenon makes it the marine equivalent of the famous wildebeest migration of the Serengeti – and is just as spectacular to witness.

Between June and August 2012, you can join Offshore Port St. Johns for 5 days to view this incredible natural event (dependant on weather), on a boat-based adventure for everyone. This is a must for all nature lovers, bird watchers, photography enthusiasts, dolphin and whale enthusiasts, snorkellers and scuba divers.

Join us for an experience of a lifetime in the scenic Port St John’s, Wild Coast, South Africa.

## Included

- 5 full days of boat-based viewing (dependant on weather) / diving / snorkelling
- 6 nights based on medium 2 or 3 star accommodation on a bed and breakfast basis. There are many places to eat in Port St John's; this beautiful and scenic place has much to offer by way of food and its people.
- Packed boat snack lunch and refreshments.
- Cylinder and weight belt rental.
- Highly qualified team of skipper and in-water guide / boat guide.

## Excluded

- Transfers to and from Port St John's. This can be arranged on your behalf; kindly contact us for details and costs.
- Dinner
- Equipment rental of BCD, regulator, wetsuit, fins, mask and snorkel. (All these are available should you require – kindly notify us up front to secure your equipment needs.)
- Items of a personal nature
- Beverages
- Gratuities

### Terms and Conditions:

*Standard Terms and conditions of Wilderness Safaris and the hotels apply. • If amendments are made to the above package then these rates will no longer be valid. • Errors and Omissions Excepted December 2011.*
