10 Night Elsa's Safari - A Luxury Kenya Flying Safari

A wonderful safari visiting at the Iconic Giraffe Manor in Nairobi, Elsa's Kopje in Meru National Park, and Elephant Pepper camp in the Mara North Conservancy. Superb lodges, wonderful guides and flying in between camps!

Day 1 Nairobi – Giraffe Manor

On arrival into Jomo Kenyatta International Airport Tracks Safari's representative will meet you and transfer you to Giraffe Manor for one night on a bed and breakfast basis.

Giraffe Manor an exclusive boutique hotel, set in 12 acres of private land within 140 acres of indigenous forest in the Langata suburb of Nairobi. As one of Nairobi's most iconic buildings, Giraffe Manor has extraordinary appeal, that harks back to the 1930s when European visitors first flocked to East Africa to enjoy safaris. With its stately façade, elegant interior, verdant green gardens, sunny terraces and delightful courtyards, guests often remark that it's like walking into the film Out of Africa: indeed, one of its twelve rooms is named after the author Karen Blixen.

However, the most fascinating thing about Giraffe Manor is its herd of resident Rothschild's giraffe who may visit morning and evening, sometimes poking their long necks into the windows in the hope of a treat, before retreating to their forest sanctuary.

Day Two

Meru National Park, Elsa's Kopje

Today you will be transferred to Wilson Airport in time to check in for your scheduled flight to Meru. On arrival you will be met at the airstrip and transferred to Elsa's Kopje.

Accommodation is booked for 3 nights on an all-inclusive basis

Romantic and beautifully styled, Elsa's Kopje is sculpted into Mughwango Hill above the site of George Adamson's original camp where he raised and released orphan lions, long before conservation became fashionable. Each cottage is crafted around the rocks, with a large bedroom, open sitting room, veranda and spacious bathroom, each with breathtaking views.

Guests can enjoy inimitable seclusion in the vast expanse of Elsa's Kopje, boasting 870km², the equivalent of 215,000 acres, of authentic African landscape. The park offers a thriving rhino sanctuary, and is famous for large elephant herds, hippo, lion, and birdlife; Meru National Park is recognised as having more diversity of animal species than any other park in East Africa.

The Elsa's Kopje guides have the whole park to themselves and know the park intimately. All the guides are Bronze or Silver level Kenya Professional Safari Guides Association certified. The National Park is one of the most beautiful in Africa, and apart from being home to plentiful lion, cheetah, leopard, elephant and rhino, it is known for its diversity of habitat and wildlife, including the rare and beautiful lesser Kudu. A birders paradise, Meru boasts over 400 species, as well surprising botanical treasures including the giant baobab tree and rare paper bark Albitzia.

Days Five
