## WE GET YOU CLOSER

**JOURNEY TO BOTSWANA, ZIMBABWE AND MOZAMBIQUE  
A 15 DAY AFRICAN ADVENTURE!**

### **DAY ONE**

On arrival into Maun International Airport you are met by Wilderness Safaris and transferred to Little Vumbura in the Okavango Delta for 3 nights on an all-inclusive basis.

Little Vumbura is situated on a beautiful island in a private concession in the northern reaches of the Okavango Delta. Surrounded as it is by water and lying close to large rivers, both water- and land-based activities are as central to the overall experience, with both offering spectacular and diverse wildlife sightings.

Little Vumbura is a beautiful six-roomed tented camp shaded by the canopy of an ancient forest. Each well-appointed tent has en-suite facilities and a deck with incredible vistas. A plunge pool and reading area overlook the floodplains while a star deck is reached by a bridge from the dining area.

In addition to helping to conserve the area, Little Vumbura is part of a community participation plan that brings the benefits of ecotourism to the communities.

The annually flooded grasslands of the Okavango Delta surrounding Vumbura Plains are locally referred to as 'melapo' and offer good seasonal viewing of elephant, giraffe, impala, sable antelope, kudu, zebra, common waterbuck and reedbuck, tsessebe, wildebeest, red lechwe and Cape buffalo. Hippo and crocodile are common in the waterways. Predators include the African wild dog, several resident prides of lion, as well as leopard, cheetah and African wildcat. Birding is exceptional all year round.

#### **DAY FOUR**

Today you will be transferred back to the airstrip in time for your light aircraft flight to Savuti Camp in the private Linyanti Concession for 3 nights on an inclusive basis.

Savuti Camp is situated in the private Linyanti Concession along the Savute Channel, famous as a sporadic and unusual watercourse. As part of a natural cycle, the waters of the Savute either flow strongly – a magnet for thirsty wildlife – or recede to leave behind a rich grassland. Regardless, both plains game and predators thrive, and exploring the length of the Channel and its associated woodlands is thus a highlight here.

This intimate camp's en-suite accommodation is in seven large, raised tents. From the camp's thatched dining area, elevated wooden decks extend out over the channel bed, with a small pool, fire pit and wonderful views along and across the channel.

The Linyanti has diverse and prolific wildlife, but is most noted for its very large elephant population which can reach enormous densities during the dry winter months. Other game concentrations are also high, and apart from abundant plains game, species such as roan and sable antelope, giraffe, lion, leopard, cheetah, spotted hyaena, black-backed jackal and wild dog may also be encountered. This area can also be excellent for the rarely-seen armadillo and armadillo. Birding is spectacular.
