## WE GET YOU CLOSER

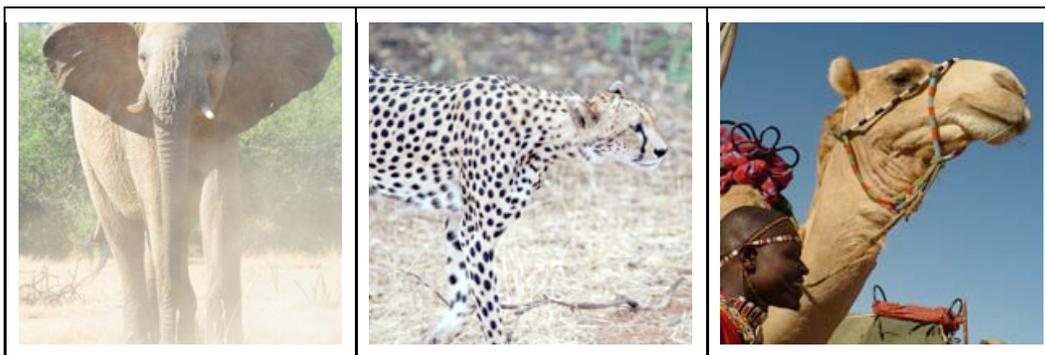

### **Tumaren Walking Safari - 3 Nights**

Walk is good for: Dramatic landscapes, Wildlife, Elephants, Culture

Level of Walk: Moderate – about 10 – 14 kms each morning.

#### **Day 1: Nayasura**

We will arrive at our mobile tented camp where we will be greeted by our team of Laikipia Masai and Samburu staff. The local Laikipia Masai call these rocks Nayasura and stone chippings suggest that they have been used as a camp for millennia. We too will use the rocks starting with a refreshing lunch and short afternoon rest in our classic roomy safari tents. Once it cools off a little we will head out on a walk looking for game and getting a feel for the country. As the sun begins to set we will find ourselves at the crest of Nayasura with drinks and bitings, watching the baboons come back to roost on the face of the rock. Back at camp after hot showers and drinks around the fire we will have a sit down dinner under the stars.

#### **Day 2: Nyarara**

From Nayasura we will head out early after breakfast so to see as much game as possible on our walk north towards Nyarara Camp. Nyarara means Cheetah in Masai and the camp was given

this name because of a large male that has been seen in the area. We will walk across large plains as well as mixed bush looking for herds of Common and Grevy's zebra, oryx and Grant's gazelle predominate on the large plains. In the mixed bush we find Dik Diks, Gerenuk, Impala and Lesser Kudu if we are lucky enough to see them.

The pack camels with our camp will have made a more direct route than us and they will have arrived and set up the camp before our arrival and we will arrive at camp in time for lunch and a cold drink. After lunch we will relax and walk to a pretty spot for sundowners.

### **Day 3: Tumaren Ewaso Camp**

Today we will be heading down toward the Ewaso Nyiro River, which runs along the eastern edge of the Laikipia Plateau and then turns eastward toward Samburu National Reserve. Along the way we will be looking for Eland, Steinbuck and Giraffe and enjoy the changing scenery. When we arrive at the river we may want to take a quick swim before lunch. After lunch we can visit a local manyatta and watch the livestock coming in for the night or head to a pretty rock for a sundowner.
